Sloane Harper has sworn off men - for her sanity and her safety. But with or without men, trouble always seems to find Sloane. </p> <p>When her ex's ex-mistress comes knocking for help, Sloane does what she does best: she helps way more than she should. As she investigates London's art scene, Sloane runs into a very handsome but very shady artist, a quirky bunch of thieves, and a cunning old flame. </p> <p>Perhaps Sloane should have sworn off playing private detective instead of men. </p>
