Are you in a dead end job barely making ends meet? Are you looking for a way out of the rat race? Do you want to find a way to support yourself and your family, even if you cannot work anymore? I have spent the last eight years building up my net worth, and creating passive income using real estate. I will show you the path I took, and specific examples of houses I flipped. I used this income to buy cash flow real estate for myself and my family. I know you will find at least one thing in this book you can use in your life to create financial freedom for yourself and your family!
