Alexis thinks she's about to get out of Damascus Academy and away from their diaper punishment, but when she's caught using bad language, she's put back into the white clothe and made to regress again.

Damascus Academy: Madison

Madison is a spoilt brat, but Damascus Academy has great luck in transforming women like her into upstanding models of society with a diaper, some discipline, and a whole lot of age regression.

Discipline In Diapers: Melody's Story

With the house to herself this summer, Melody throws a raging party. It's too bad her neighbor and matronly figure, Rose, calls her father and gets permission to make her regret trashing their home.

Diaper Discipline: Internet History

The discovery of Tumblr leads Lydia and Brett to finding common ground through diaper discipline and falling in love.

Maggie's Engagement Enema

Phillip is the love of her life and on the night of their engagement party, he gives her a punishment to remember when she acts up at a party.

This bundle contains scenes of age play, diapers, and domestic discipline among consenting adults.
