Why do the nice guys always finish last with the ladies? If you ask a girl what she wants in a man, you will hear such descriptive words as *caring*, *loving*, *loyal*, and *genuine*. But what gives? You are all those things, and it doesn't work with the girls. Forget what girls say they want in men; this book is going to reveal the truth. Some of this stuff women don't even know! I am going to show you how to approach, seduce, and attract more hot women than you know what to do with. I will show you seven killer approaches that will get her number every time, and, even more importantly than that, I will reveal the five biggest reasons girls reject guys (even if they actually like them). Learn how to stop putting girls on a pedestal and daydreaming of getting them into your bed. Renowned self-confidence coach Craig Beck teaches you the most advanced techniques used by alpha males around the world to get the girl every time. Use the techniques in this book, and I guarantee you will get friend zoned less, get much hotter girls than you ever have before, and get as much a sex as you want!
