Anna Day joins us in the Audible Studios to chat about a quirky, refreshing and deceptively dark tale - her book *The Fandom*. *The Fandom* details the story of the young and adventurous Violet who, whilst attending a Comic Con event, inexplicably finds herself becoming part of the narrative of her favourite story, *The Gallows Dance*.

Anna chats to us about this exciting debut audiobook, its themes and the secrets behind its success. A doctor of psychology and mother of two, Anna provides us with intriguing insight into the mind of young adults and of her character's wildest fantasies. Praised by *The Bookseller* as 'one to watch out for', *The Fandom* is guaranteed to hook and thrill listeners of all ages.
