An unknown virus sweeps across the globe seemingly overnight. The virus decimates the human population while mutating some into grotesque mutants. Dillon Thompson awakens to the dawn of a newer, more violent world. He must navigate the dangers of this new world along with local gang leaders turned warlords. He fights to protect those close to him and get the answers he desires. Can he confront the sins of his past and embrace them, or will he fall victim to the world descending into chaos? Find out in this apocalyptic, sci-fi-thriller which explores the dangers of man-made diseases.
