When wife Laura hires the extraordinarily sexy Katrina to clean her house, she knows she has to keep her husband Toby out of the picture. *Or else.*

But when that "or else" starts to happen, Laura realizes that, as jealous as she feels, thereâ€™s something incredibly magnetic about the idea.

She just has to see them together, *no matter the consequences to her.*

Cleaning the Cleaner is 6,000 explicit, steamy words of one woman's journey to give her husband what he deserves: a younger, hotter, *better* woman. For mature audiences only.
