Werewolf Sair McCallan escapes the confines of her brother's pack with the help of a mated werewolf couple who believe in open sexuality and relationships. With Weylyn and Keir Randall, Sair experiences freedom in all things for the first time in her life. When she meets her mate, she's shocked to find he's a boring, broody vampire. Uptight Marius Granville has his staid and orderly life completely shattered by the arrival of his bloodmate, a beautiful werewolf who steals his heart and expects him to join in her kinky play with the Randalls.

Marius is forced out of his hum drum existence and opens himself to new sexual experiences to please Sair. As her new mate strives to give her everything she needs, Sair battles internal demons that threaten their fragile new relationship.

Warning: This audiobook includes sex on a washing machine, a make out session ala *From Here to Eternity*, sex between best friends (F/F), double penetration of a female (oh, baby!), and the best blowjob in the world (M/M) - all within the confines of the hottest menage a quatre the Darkworld has ever seen.
