Chaos Is Here

Hawke Lightseeker has little time to relax after his victory over a ruthless guild. A new threat is rising: an ancient Labyrinth has begun to disgorge Chaos-tainted monsters upon the countryside. He must join forces with old foes to confront those responsible: the Court of Thorns, Chaos-worshippers who seek nothing less than the destruction of the Realms and the overthrow of the Makers.

To survive, Hawke must master his new abilities, and learn how to use them. And he must do so without losing his humanity.
