A bullet to the shoulder. That's all it took to take me down. I thought I was f--king tougher than that. But one look at Ruby, and I realize I'm not tough at all. She makes the whole room spin, or is that the blood loss?

With those lips, and the curve of her hips, I can't think straight. Damn the Banderas Cartel. I'll get revenge on them. One day. Especially once they go after Ruby. Oh f--k no. Give me a bike. And a vest. I'll protect my family to the death.

Diego is the fifth book in the Lost Boys MC series.
