The only thing more dangerous than a killer's secrets? His love.

**Dominik**

Sheâ€™s my new obsession.

A beautiful curse. A skilled journalist. Skilled, but desperate....

Katerina was a stranger to me until she waltzed into my life, looking for answers. Sensed I had the story of a lifetime, better than Mafia fiction. Little does she know how right she was....

My name is Dominik Volkov. I built my name on quick money, big risks, and iron self-control. Iâ€™m everything she wants. And everything she needs for her juicy little story.

But if sheâ€™s not careful, itâ€™ll be more than her bed I break.

I gave her an open door. She gave me a slap in the face! Oh, little miss noseâ€™s about to pay the price. Sheâ€™s mine now. Whatever the cost.

Guess nobody told her you donâ€™t go digging around in the mob's business without savage consequences.

**Katerina**

Mobster. Monster...and an empire built on a house of cards. I can handle it, right?

They say write what you know, and Iâ€™m searching for the story of a lifetime.

Oh, I know all about this man's reputation.... Itâ€™s time I used it to my advantage.

Enter Mr. Dark and Dangerous.... Heâ€™s one hulking, inked-up, muscled wall with arms and legs. A chiseled masterpiece so perfect that I donâ€™t buy it.... Someone this handsome must be hiding something dark and ugly inside.

Everything about him warns me to avoid him. Too late. Iâ€™m in his home. In his bed. In his arms...with pleasure our only goal.

Itâ€™s not what happened thatâ€™s the issue. Itâ€™s what happened next....

One peek through the cracks and my life turns 50 shades of ugly - shattered into a million tiny pieces.

He knows Iâ€™ve found his secrets. I know heâ€™ll kill to protect them. And yet, I stay. Craving for a man as deadly as his sweet, imperfect lies.
