

Dr. Zim Minister of Death

author: Marshall Black

2026-06

Synopsis

author	Marshall Black
readBy	Benjamin Powell
inLanguage	english

In the thrilling sequel to *Caged: A Mike McHaskell Novel*, Marshall Black invites you back into the exciting yet deeply personal world of Mike McHaskell, a man walking the tightrope between duty and family. Now residing in Texas, Mike attempts to carve out a new life for his unconventional family, far removed from the dangers of his past. But the shadows of his former life as a CIA Assassin are not so easily left behind. Committed to prioritizing his family, Mike yearns for nothing more than a peaceful existence. But the arrival of a chilling antagonist, Dr. Zim, the menacing Chinese Minister of Health, threatens to disrupt this newfound tranquility. With plans to release a deadly virus onto the world stage, Dr. Zim's terrifying scheme forces Mike to confront his past and, once again, dive into the perilous world of international espionage. This captivating sequel takes readers on an emotional whirlwind, delving deep into Mike's struggle as he grapples with love, loyalty, deceit, and betrayal. Can he balance his unusual family dynamics with the escalating demands of his old life? Can the McHaskells endure the turbulence, or will the aftershocks of Mike's decisions threaten the unity of everything he loves? *Dr. Zim Minister of Death* raises the bar, pushing the stakes to their limit. The dangers are graver, the emotional intensity sharper, and the decisions harder than ever before. Experience the unique blend of action and deep personal exploration as Mike fights a battle where each choice could alter the course of his life and, potentially, history itself. Peel back the layers of truth, brace for the fallout, and unravel the deep-seated secrets in this powerful continuation of the Mike McHaskell saga. Are you ready for the heart-stopping, emotionally charged ride that awaits? Prepare yourself for *Dr. Zim Minister of Death: A Mike McHaskell Novel*.
