Hi. My name is Nick Vulich.

Over the past several years, I've made a decent living selling online, marketing products on eBay and Amazon and selling services on Fiverr. Four years ago, I started writing a series of short, simple guides that explained how other people could make a living selling online. Since that time, over 100,000 copies of my guides have been downloaded and purchased on Amazon, Barnes & Noble, Books-A-Million, and other online book sites.

Do you want to make money selling on Fiverr? This book will save you time and money while helping you to sell more services on Fiverr.

- Are you new to Fiverr, but not sure where to start?
- Are you unsure what Fiverr is?
- Are you unsure what to sell?
- And do you keep telling yourself, I don't have any skills. What services could I possibly sell on Fiverr?

Don't sweat it. Everyone has doubts when they take on a new project. I remember when I wrote my first book. I was so worried no one would buy it and everyone would tank it in the reviews, I didn't tell anyone I wrote it. Not even my wife!

I waited three weeks until the results were in and the sales had started to roll in before I said anything.

Many first times entrepreneurs react the same way. I call it the "better safe than sorry" syndrome.

In *Fiverr MBA: Join the Gig Economy*, I'm going to show you how to get started selling on Fiverr and reveal tips and tricks that successful Fiverr sellers are using to get an edge up on their competition.
