The very first story from RomComPods! Meet Claire, a 28-year old Chicagoan who seemingly has her life totally and completely together... until she catches her fiance cheating on her the week of their wedding! Heartbroken (and broke), Claire decides to go on her non-refundable honeymoon — a romantic couple’s tour of Italy — alone. RomComPods is Co-Written, Produced, and Directed by Rachael King and Becca Freeman. More at [romcompods.com](http://romcompods.com).
