Lolita and Michael are - in many ways - a fairly typical couple. They meet from a lucky online matchup and quickly fall in love, before pursuing a whirlwind romance that ends in marriage. But, unfortunately, it's not all happily ever after for the couple. Fairly soon, Lolita is dismayed to find that they've stopped having sex and stopped being intimate with one another at all.

Lolita and Michael fall into a sexless marriage - a situation that will be familiar to almost 10 percent of married couples in the western world, and one that gives them every cause for despair. This guide explores the reasons for a sexless marriage, and suggests ways in which to remedy it and fight against its corrosive effect on the love between a married couple.

Listen to find out how Lolita and Michael resolve their differences...and also to discover tips, tricks, and secrets that'll enable you to put a sexless marriage back on the tracks. And learn to build new and closer bonds with your partner, ensuring that you both have a mutually loving and sexually fulfilling relationship that'll last for many years to come.
