"Action-Packed & Vividly Realistic!"

"Moses Redding, a Navy man known for his decisive actions was reassigned to the USS Constitution for a goodwill tour of the Mediterranean because of this earlier move disobeying orders. This decision places him in an ideal setting with little chance of sparking an international incident. In an unexpected turn of events, terrorists underestimated the military's ability to implement, be resourceful, and use antiquated weaponry! This miscalculation leads to an epic battle between Moses and the terrorists."

"The author, David Tunno, crafts an exciting tale, interwoven with authentic historical details and military maneuvers. The action-packed narrative achieves realism through well-crafted dialogue and vivid descriptions. Tunno also expertly crafts vivid characters and skillfully executes plot twists."

"As the narrator, he delivers an ardent performance, infusing the story with depth of emotion, excitement, and subtle nuances only the author can provide. He speaks clearly and concisely." "Overall, this is a great thriller to hear whether or not one enjoys military-based books. Tunno's skill at bringing a book to life and captivating the listener takes many shapes!"

"There were no issues with the quality or production of this audiobook."
