**I don't deserve Vanessa Green's forgiveness, but I can't stop fighting for it!**

Vanessa bounced on me in high school, and I can't blame her. I shattered her heart and broke my own with one decision. Now, we're thrown together. I bought her business out from under her. If looks could kill, Tyler Gentry would be six feet under right now. But being a hotshot NFL quarterback, I'm used to making bold moves. I'm out here fighting for Vanessa like it's the last play of the game! But this isn't a game. It's my chance at REAL happiness!

If I were a better fella, I'd walk away and let her continue to live her life. But I ain't no saint, and my love for her runs deep. I can't stop thinking about her. I won't stop until she knows how much I still love her.

I'm not running from the sins of my past. I'm here battling, and if it means one more chance with her, I am more than up to the challenge!

*Juicy Fruit is the first book in the new, Love Out of Bounds trilogy.*
