**The special forces of steampunk!** Airships, guns, and gadgets! The Knights of the Crystal Spire are more than ordinary fantasy knights. Life as an apprentice knight hasn't been easy on James Gentry. As a commoner and an outsider, he's been ridiculed, picked on, and shunned by the other boys. But he's determined to become one of the finest knights Rislandia has ever seen. During his training, James stumbles upon a master knight selling information on Rislandian troop movements to a Wyranth spy. To keep Rislandia safe, he must root out the traitor and put a stop to the enemy's schemes. Does he have what it takes? Listen to this action-packed steampunk novella and number one Amazon best seller today!
