How to finally overcome the hurdles of manifesting. Proven, effective and enjoyable ways to help you manifest faster.... Dear friend, if you are considering this book, chances are you are missing something in your LOA practice. Perhaps you have read books and attended seminars. Perhaps you have tried a myriad of LOA strategies but you still haven't transformed your life the way you want. The way it would bring you more peace, happiness, health and abundance. Don't worry, I have been there myself. It's not your fault. You see, the problem is that while many resources tell you what to do, very few actually tell you how to do it. It's not about how much time you spend on your LOA manifestation practices. It's not even that much about what you practice (whether you do affirmations, visualize, journal, or do something else). It's about how you practice and how it helps you shift your mindset and transform your energy. This is what this book is all about. Ready to discover my LOA secrets?
