One minute, Nico Juárez is enjoying the stability of their job as senior editor at Unified Theory Press, a publishing house specializing in books about the paranormal. The next minute, they're stuck with a terrible new boss and a clueless (yet uncomfortably cute) new assistant.

Jasper Milton just wanted healthcare and to keep his sexy side-hustle a secret. Now he's faced with an adorable, yet prickly, supervisor and a company thrown into chaos.

Nico and Jasper must team up to stay sane. Hopefully, they won't fall in love—or be squashed by Bigfoot—in the process.
