When lies get caught, and the search for true love takes turns and twists, will love last between these millennials?

Kiara gets proposed to by Jason. She asks Priya to be her maid of honor. Everyone knows Priya is up next to get engaged to Mannie because they have been together for almost 10 years despite the long history of their families being enemies. Priya helps plan Kiara's Indian American fusion wedding, a wedding that combines aspects of both American and Indian cultures.

While planning the wedding, Priya feels the sparks for Neil, her cousin's best friend. Neil is a great dancer and the only one that can partner with Priya for a Salsa-Bollywood dance performance. How will Priya hide her true feelings for Neil? What will everyone think now that she has already fought with her family for Mannie? Is changing your mind even allowed in Indian culture?

For Neil, Priya is off-limits, but his heart tells him otherwise. The two lovers try to stay apart until they can't anymore. How will the couple get through Kiara's wedding without being caught? If they get caught, Mannie's family will kill them. Also, Priya's own family will not support her. How will this couple survive together when not only their love but also their lives are at stake?
