As a follower of Jesus, what's the one thing you can take with you from this life to the next? The answer: more disciples. *More Disciples* is a practical, how-to guidebook that lays out a clear path for learning and implementing church-planting movement (CPM) and disciple-making movement (DMM) strategies and life principles. It includes in all of the concepts of the web-driven course, ZumeProject.com. In addition, listeners can go deeper at a companion website, MoreDisciples.com.

Author and researcher David Garrison wrote, "*More Disciples* addresses head on the fundamental question: What's it going to take to bring the world to faith and discipleship in Jesus Christ? *More Disciples* takes the centuries-old challenge and, through the grace of God, places it within our grasp."

DMM specialist David Watson added, "*More Disciples* is an audiobook well done being published at a critical moment for the church and those who wish to see all nations as brothers in Christ. There are several major take-aways that will touch every audience. we love the link that *More Disciples* makes between disciple-making movements and churches. The book addresses one of the weaknesses in disciple-making movements by supplying curricula that is culturally adaptive and ready for those who are interested."

Author Jerry Trousdale went on to say that, "*More Disciples* is truly an excellent resource for people wanting to get started, or get better at, catalyzing multiplying disciples. But it will also be a very useful reference resource for CPM/DMM veterans. The truth is, this audiobook could change your life - as well as the lives of your neighbors and nation. Listen to it, then most importantly, do it."
