Halle had loved Trevor all her life. She had one chance to spark an old flame he never knew she had burning. When he stops resisting she gets more than she bargained for. Can she handle it when dreams come true?

Trevor always thought she was sweet, cute, and funny. She always had a way of getting what she wanted from him. It seemed the adult version of her wants and needs would either drive him crazy or break his heart. He suspected she would to both before it was over.

Making the transition from fantasy to reality is never an easy one, but when fate has a plan, the only thing they can do is follow it.

This book contains explicit sexual content.
