Synopsis

author	Josie A., Dina S., Stella O'Malley
readBy	Eve Smith
inLanguage	english

A medical scandal is currently unfolding across Western liberal societies. As *Parents with Inconvenient Truths About Trans* reveals, the primary victims are vulnerable, socially awkward kids with normally developing bodies who fall for the internet-fueled promise that they can solve their emotional, psychological, or physical discomfort by adopting an opposite-sex identity.

With deep reservations about the new gender orthodoxy that informs this promise and the irreversible one-size-fits-all medical prescription that comes with it, the parent contributors to this anthology share deeply personal stories about transition and desistance that won't be told at the gender clinic. They also offer practical advice based on hard-earned experience that won't be found in mainstream media.

Whether progressive or conservative, gay or straight, secular or religious, they all share the aim of protecting children from the physical and emotional harms of the gender industry and seek to empower and encourage other parents and individuals to combat gender ideology at home, in schools, in clinics, and beyond.
