Emory Ker

Who makes out with a random guy at a club while someone else is giving him head? Not me—that's who. I'd never even hooked up with a stranger. Welp, now I had. If you could call what I'd done hooking up. But it was so much more intimate than a hook-up. I'd tasted his lips as someone else made him come. He'd gasped into my mouth.

Now I'm sitting in front of him, and he's asking me to kiss him again.

River Wade

We became famous overnight. One day, I was a twenty-four-year-old drummer slinging pizzas to make ends meet, and the next, I was a member of the most popular alternative band ever.

Despite being world-famous, there was no connection in it. I'd lost touch with reality, with intimacy. I couldn't find a place to be normal. I'd lived my entire life straight-edged while watching obsession destroy my best friend.

Obsession terrified me—that is until I met him.

The first taste left me intoxicated. The rockstar obsessed with the writer—rather funny if you think about it. After a night with him, he vanishes into thin air, and all the money in the world can't help me find him.

I have to track him down and convince him there might be millions of people who would do anything to get a chance to sleep with me, but I only had eyes for him.

Convince this beautiful boy I'm pretty obsessed.

Pretty Obsessed is an out-for-you romance with a dirty-talking, obsessive rockstar who falls for a cinnamon roll writer. This is book one in The Pretty Broken series. All books follow a different couple.
