Detective Kate Rosetti is not a big fan of February 14th. Even worse than gigantic bouquets of roses and buckets of chocolate, however, are the love notes sheâ€™s been receiving from infamous serial killer Ramone Wilkes, the man who very nearly stole her life.

When she finds out that heâ€™s escaped from prison, she knows the chances are good that heâ€™s making his way north to the streets of St. Paul to finish the job he started two years ago.

Capturing Ramone â€œThe Dentistâ€• Wilkes during his first killing spree was no breeze, and this time, luck might not be on her side....
