When the owner of a mansion in the Colorado mountains hires Anna Denning to research his family tree, it's Anna's dream come true. A library brimming with old documents, an undiscovered family history - what more could a genealogist want? Excited by the possibilities and fueled by a new love in her life, Anna, tenacious as ever, is undeterred by rumors that a ghost haunts the mansion. Until she uncovers records that suggest those rumors are more than idle talk.
