When a big city Private Investigator, Ember Morgan gets tossed into a small town murder mystery, will she be able to solve the case, or will she crack under pressure? Hoping to leave behind her troubled past, Ember packs up her belongings and moves to a quiet town on the edge of Washington. What she doesn't know is the small town is on the brink of collapse, as tales of deception and deceit are long overdue. Teamed up with the towns handsome deputy, she'll embark on a journey even bigger than herself. Through each new twist and turn, Ember must re-examine the clues to find a small town killer, and possibly even herself.
