Chase Dagger is a private detective with seemingly no past, an on-again off-again fiancée, a scarlet macaw with photographic memory and an attitude, and Sara as his beautiful and mysterious young assistant. Chase also seems to only inherit the most unusual of cases. Such as when Sara witnesses the murder of a woman she cannot identify. Then, while visiting the Tyler Mansion, she sees a picture of Rachel Tyler. The woman in the picture appears to be the murder victim, except she was supposedly already dead. Rachel couldn't be dead again...could she? Who would want to kill her again, and why? It will take all of Sara's mysterious abilities, and Chase's skill as an investigator, to discover how Rachel could die twice.
