Slay procrastination, distractions, and overwhelm! *The Inefficiency Assassin* presents a revolution in time management books - a way to improve productivity and kick chaos to the curb once and for all! You will learn how to:

- Create productive calendars, yet morph time when you need to put out fires (or chase the opportunity of lifetime)
- Slay lost time and beat back overwhelm from procrastination, interruptions, and distractions
- Implement productivity hacks so you can excel professionally and have a life outside of work

This book is exactly what professionals-on-the-go and entrepreneurs need! This time management book addresses and solves every known productivity roadblock known to man...and woman. Listeners who implement the strategies and tactics in this guide will never have an issue with time management again.

Period.
Ever.
The end.
