A haunted omega, a single dad, and the world's sweetest surprise... Music has always been the first love of singer-songwriter Kade Ashton. And it was that love that gave him the strength to break free from his arranged marriage to make a life for himself amongst the spotlights. He's living his dream, until a media scandal derails his career and leaves him hiding from the very public he used to seek out. But his dream is still alive, and to get his career back on track, he'll take any job that gets him in front of an audience and helps him pay his bills. Even if it means performing at a wedding in that worst of all terrible places - a small town. After his husband's death, Shane is convinced he's had his one chance at love and that part of his life is over. He has his kids, and they're enough to keep a single dad on his toes - there's no time or room for dating. Until he's asked to host the singer for his cousin's wedding. First, the sexy omega's music draws him in, then he meets the omega himself. And he realizes that, maybe, love isn't just a one-time thing. Still, their one night together was supposed to be just that, until a positive pregnancy test brings them back together. Can they find a harmonious middle ground between small-town father and big-city star, or are they doomed to lives that are out of tune with their hearts?
