COME FOR THE GAMES. STAY FOR THE MURDER.
A mystery in the Gordian Division universe.
The Weltall Tournament™s professional VR games were supposed to be a symbol of cooperation between SysGov and its militaristic neighbor, the Admin. But that was before star Admin player Elly Sako received a death threat, written in blood next to a copy of her own severed head. The Admin™s Department of Temporal Investigation swiftly seizes control of the crime scene, and the tournament transforms into a flashpoint of charged politics and conflicting jurisdictions.
SysPol Detective Isaac Cho and DTI Special Agent Susan Cantrell™partners in the officer exchange program™are sent in to take charge of the investigation and bring the situation under control. But solving this mystery won™t be easy, and the pair struggles to determine who is telling the truth. A jilted relationship between players soon explodes into signs of a far-reaching conspiracy, and the two detectives find themselves racing against time before the tournament ends.
Because the killer will be the only one who wins, should they fail.
