**The two greatest assassins in the world collide...and only one can survive.**

Tanner's quest to hunt down the legendary assassin Maurice Scallato turns into an adventure across Europe. With Sara Blake at his side and the mysterious Jacques Durand lending assistance, Tanner tracks Scallato even as Scallato plots to kill him. To kill Scallato, Tanner must first survive Scallato, and Maurice Scallato is as ruthless a man as Tanner has ever faced. Although Tanner's mind is on death, his heart beats to a different drum, as he and Sara Blake grow closer. It's a battle of the two greatest assassins in the world, and in the end, only one can walk away. Has Tanner met his match, or will he take the art of assassination to a whole new level?
