Zoey Cohen spent a lifetime learning to hide disappointment and loss behind a mask of unshakeable calm and control, even when her longtime friend-with-benefits lover moves on for true love.

Declan Black returns to Philadelphia Medical Center after an accident costs her the life she's built and her career. She's resolved to protect herself from ever being vulnerable to past mistakes by rebuilding her life around her new role as an ER attending, and that life does not include love.

Zoey will never accept second place in matters of the heart, even when her rival is a career, and Dec has nothing left to give - of herself or her heart. Sometimes change is a force more powerful than will.
